

Sonosite iLOOK

For Vascular Access

Vascular Access happens everywhere

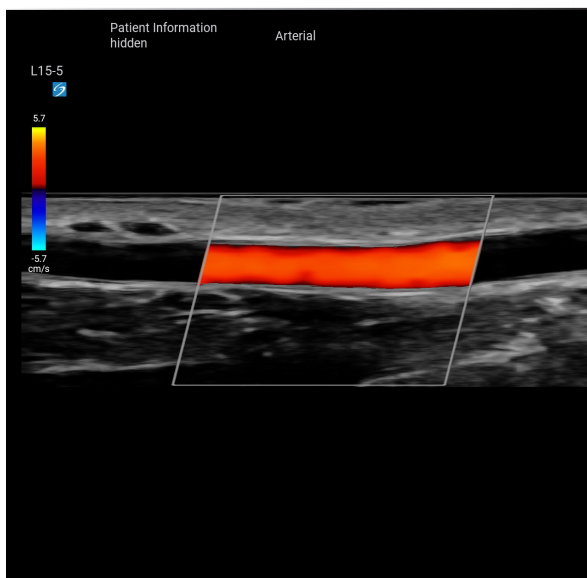

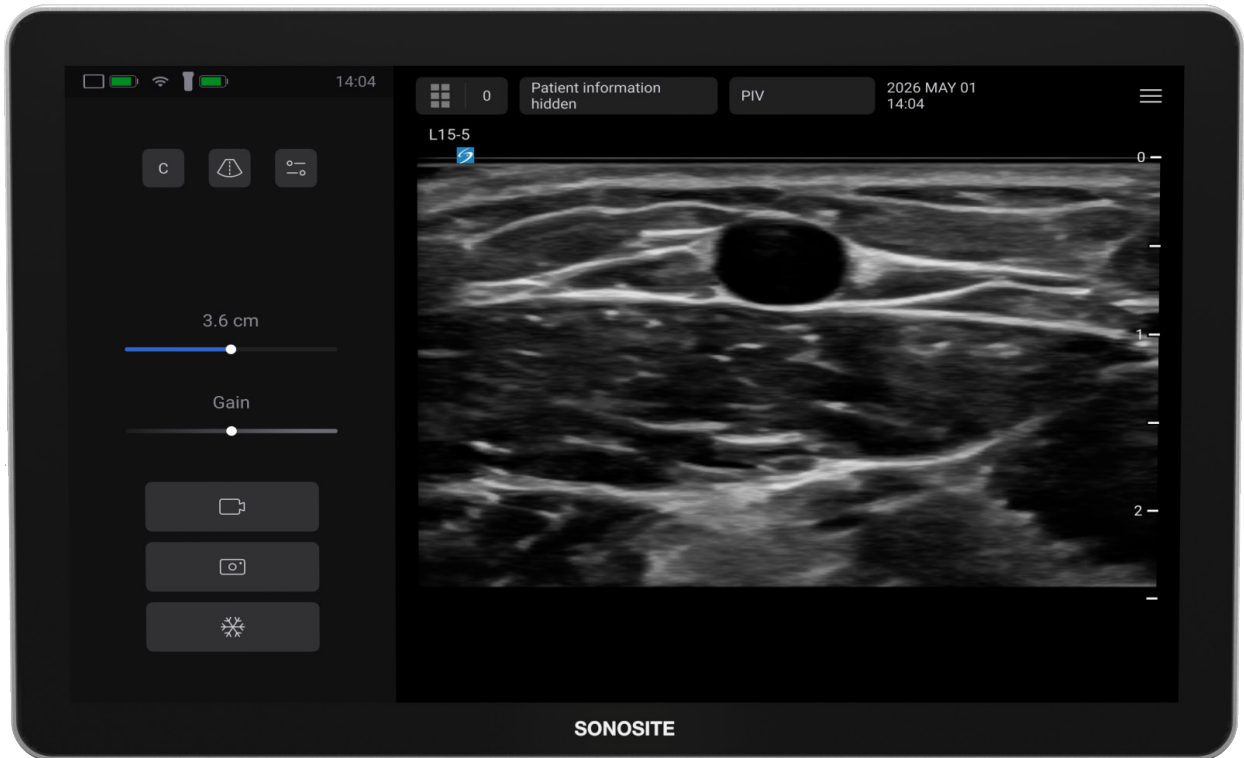

Sonosite iLOOK is designed for vascular access—anywhere you need it.

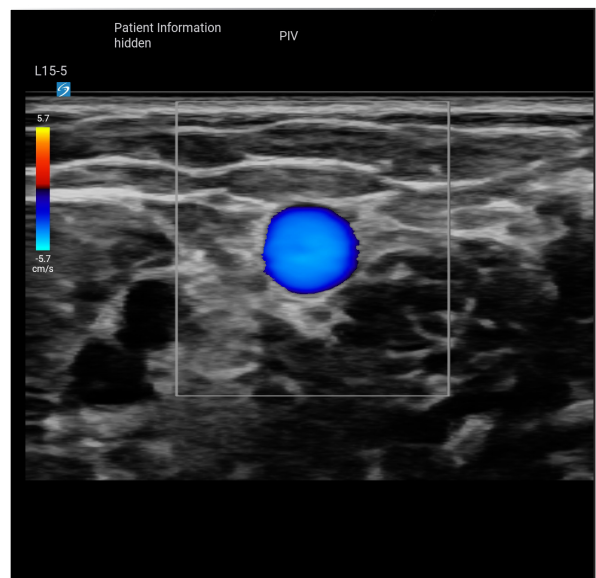

Simple Interface

Purpose built, for vascular access

Uncluttered controls help you focus on what you need.

Exam Types: Arterial, Venous, PIV

Imaging Modes: B-mode, CVD, CPD

Wireless transducer

Unexpectedly lightweight, **only 170 g**

Two hours continuous scan time, with integrated charging dock

Flexible system mount

A VESA-compatible bracket provides adaptable setup options. From our lightweight stand to alternative mounts that you provide, Sonosite iLOOK is designed to integrate smoothly with your vascular access environment.

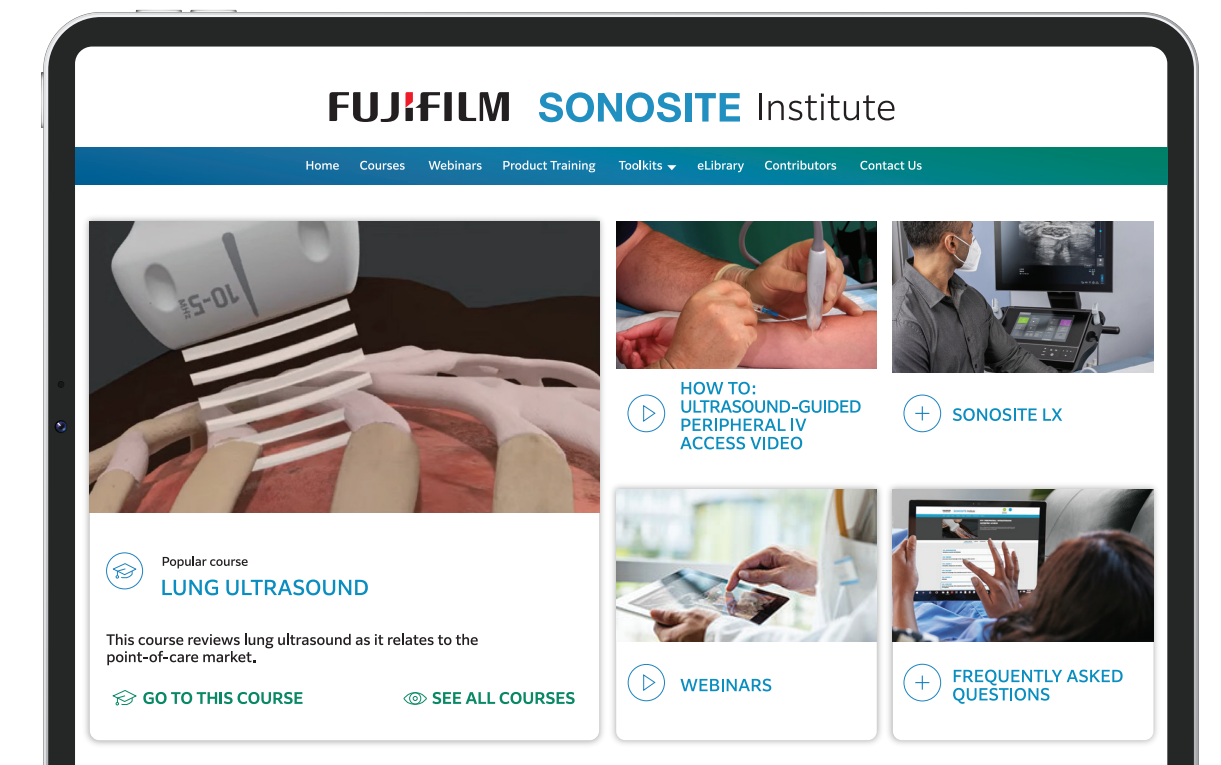

Lightweight stand
with articulating arm

VESA compatible
75 x 75 or 100 x 100

Learn More

You have full access to the Sonosite Institute, providing a robust library of vascular access training, including tutorials, webinars, and guided how-to content—along with targeted resources to help drive success in peripheral IV (PIV) procedures, PICC procedures, and more.
